## SUMMARY

I'm a computer science junior at FAST NUCES, with hands-on experience in HTML, CSS, JS, C#, ASP.NET, MySQL, ReactJS, & NodeJS for Web Development. Additionally, I've dived into Python/C/C++ programming to build efficient and high-performance codes. Beyond that I find joy in exploring the world of robotics and circuit analysis. Let's shape the future of the web, robotics and digital world together.
