Summary

I'm a passionate CS junior at FAST NUCES, interested in web development. With hands-on experience in HTML, CSS, JavaScript, MySQL, ReactJS, and Node.js, I craft captivating web applications. From dynamic front-end interfaces to robust back-end systems, I bring ideas to life. My journey is defined by continuous learning and an unwavering commitment to creating exceptional digital experiences. Let's shape the future of the web together.
Some of my additional interests are Robotics and Circuit Analysis. I also dabbled in freelance electrical circuit and digital logic design projects.
